

Vote No on 302

Save First Things First

Children First. Not Politics.

In November 2006, Arizona's voters created First Things First to prepare our youngest children to succeed in life.

This past May, voters again stood up for kids, approving Prop 100 in a landslide.

Twice in four years, voters made the education and well-being of Arizona's children their priority.

Sadly, the **Arizona Legislature has put politics before children** by trying to eliminate First Things First and steal the money Arizona voters dedicated for this successful early childhood program.

Voter support for helping children has never wavered, from creating First Things First to passing Prop 100. It's time to stand up again. Join us in putting Children First, Not Politics.
